

```
std::vector< layer >
```

A diagram illustrating a relationship between two C++ types. A gray box at the bottom contains the text 'mlp::net'. A blue arrow points vertically upwards from this box to a white box at the top. The white box contains the text 'std::vector< layer >'. The arrow indicates that 'mlp::net' is a specialization or a type that fits into the 'std::vector< layer >' container.

```
mlp::net
```
