

TestCase

```
graph BT; test_sga_TestSGA[test_sga.TestSGA] --> TestCase
```

A UML class diagram showing an inheritance relationship. A box labeled 'test_sga.TestSGA' at the bottom has a solid blue arrow pointing upwards to a box labeled 'TestCase' at the top. The 'test_sga.TestSGA' box has a thick black border and a light gray fill, while the 'TestCase' box has a thin gray border and a white fill.

test_sga.TestSGA
